Dell UltraSharp 24 Monitor | U2415
61.1 cm (24 inches)

The Dell UltraSharp 24 Monitor offers you:

World class screen performance

View images and documents easily with superb Dell UltraSharp screen clarity and precise color performance on this large, 24" viewing area.

- Enjoy consistent, accurate colors right out of the box — each Dell UltraSharp 24 Monitor is factory tuned at 99% sRGB with a deltaE < 3.

- To enhance collaboration with co-workers, colors on the screen remain consistent from virtually any angle with this monitor's ultra-wide viewing angle.

- Conveniently view two full documents side by side on the large, 16:10 aspect ratio, 24" viewing area with WUXGA 1920 x 1200 resolution.

- Help boost your productivity with a dual or multi-monitor setup and take advantage of the ultra-thin (6.9 mm) bezel that allows virtually borderless viewing between monitors.
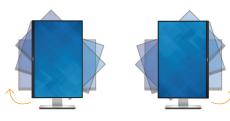

Outstanding usability

Enjoy excellent connectivity and flexible viewing options that make the U2415 easy to use.

- Easily pivot 90° clockwise or counter-clockwise placing the thinnest edges side by side for an enhanced screen experience with a multi-monitor set up.

- Work the way you like with the fully adjustable U2415 including tilt, pivot, swivel and height adjustable stand features.

- Connect seamlessly to your PC and other peripherals simultaneously without compromising on picture quality via digital connectivity.

- Display content from your smartphone or tablet directly on the large monitor screen and charge it at the same time when you connect either device via MHL to your U2415 monitor.

- A high current USB 3.0[1] charging port supplies twice the power for charging and powering BC1.2 compatible devices.

Reliability and eco-efficiency

- Minimize downtime and gain peace of mind with:

  - Premium Panel Guarantee[2] which offers a free panel exchange in the event that you discover even one bright pixel during the Limited Hardware Warranty[3] period.

  - Dell's 3-year Limited Hardware Warranty and Advanced Exchange Service[4], providing you with quality you can count on.

- Made of environmentally preferable materials, the Dell UltraSharp 24 Monitor is designed with more than 25% post consumer recycled materials in its chassis, is BFR/PVC-free (excluding external cables), arsenic-free glass and a mercury-free LED panel.

- Rest assured that the Dell UltraSharp 24 Monitor meets the latest environmental standards such as ENERGY STAR®, EPEAT® Gold[5] and TCO Certified Displays.

Perfect for:

- Dual/multi-monitor set up to promote increased productivity

- Displaying legacy applications requiring 16:10 aspect ratio

- Programming and software development

- Office applications

Easily adjust the panel to your preferred viewing position to work the way you like.
