HS 246 HFW HOME AND OFFICE

HDMI

wide viewing angle

BUILT IN
SPEAKERS

The HS 246 HFW is here to make the everyday office a more stylish space, bringing a sleek design with white glossy surfaces and smooth curves. It will be the icing on the cake of any desk whether it is for home or office.

From every angle it speaks for itself, from the back is an example of how far we have come to make simple everyday electronics more attractive.

From the side it's an elegant slim curve that blends tech with style and from the front it's pure quality from edge to edge thanks to a frameless design that makes you feel as if your Full HD content is floating in the air.
