Lenovo™ ThinkCentre® Tiny-In-One 22, Tiny-In-One 24

Completely configurable

Setup in seconds

Designed to impress

Conferencing made easy

Following in the footsteps of the industry changing 1st Generation ThinkCentre® Tiny-in-One (TIO), the evolution of the unique form factor continues. Built to make refreshes and upgrades effortless for large enterprise and configurable with all ThinkCentre® compact desktops including the 2nd and 3rd Generation Tiny PCs, ThinkCentre® Chromebox and ThinkCentre® Thin Clients, you can build your own PC! The 22" and 24" modular All-in-One comes with a sleek borderless design and integrated speaker.

Key Features

Completely configurable
Compatible with 2nd and 3rd Generation ThinkCentre® Tiny PCs, Chromebox and Thin Clients! You can also choose from a range of versatile stands and display sizes.

Setup in seconds
Ideal for mass deployments, Tiny-in-One sets up in just one simple step. The modular design means PC and display can be upgraded separately - refresh or upgrade your PC in an instant, and without any tools!

Designed to impress
Tiny-in-One II comes with a sleek new borderless IPS display. Anti-glare technology also reduces glare and ensures a clear, vibrant screen from any angle.

Conferencing made easy
Tiny-in-One II comes with embedded audio designed for your business communications.
