

24" 144Hz Full HD Gaming Monitor with ultra-fast 1ms response time and low input lag

VG2401mh-2

24" 144Hz Full HD Gaming Monitor with ultra-fast 1ms response time and low input lag, 1920 x 1080 resolution, 30M:1 Dynamic Contrast Ratio, integrated dual HDMI and DisplayPort inputs, USB port, dual 3W stereo speakers, full ergonomic stand, Game mode, Flicker-Free and Blue Light Filter eye-care features.

Partnership with top-ranked Epsilon eSports team

Pouring enthusiasm on to the gaming field, ViewSonic has collaborated with world-renowned eSports team Epsilon, to gain a deeper insight from top level gaming teams. These insights have helped in developing amazing monitors that offers the most satisfying experience with its gamer-centric design to conquer each battlefield

Fast 144Hz frame rate for the ultimate gaming experience

Perfect for fast-paced racing and FPS gaming, the VG2401mh-2 gaming monitor blazes past competitors at 144 Hz per second - 2.4 times faster than a conventional 60Hz display. This produces natural-looking, ultra smooth video with no motion blur.

60-75 Hz

144 Hz

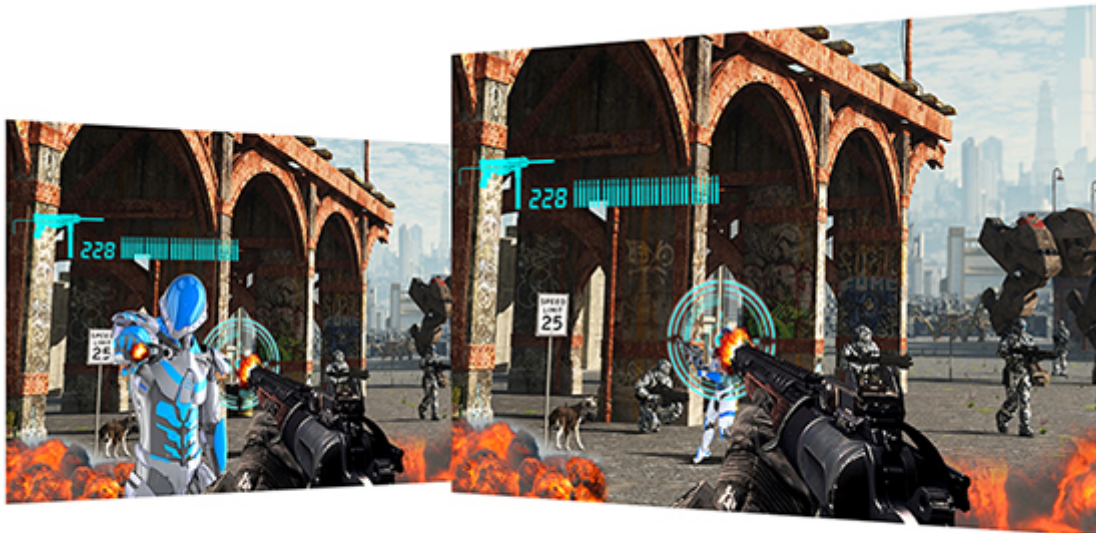

Ultra-fast 1ms response time

ViewSonic's exclusive ClearMotiv™ II imaging technology delivers ultra-fast 1 millisecond liquid crystal response times, creating smooth images without streaking, blurring or ghosting. This blazing-fast response time is perfect for the most graphic-intense gaming, and provides amazing visual quality while watching sports or action movies.

Low input lag for a seamless gaming experience

ViewSonic offers low input lag decreases signal latency and delivers the fastest display signal from the graphics card to the display, giving users an edge against the competition

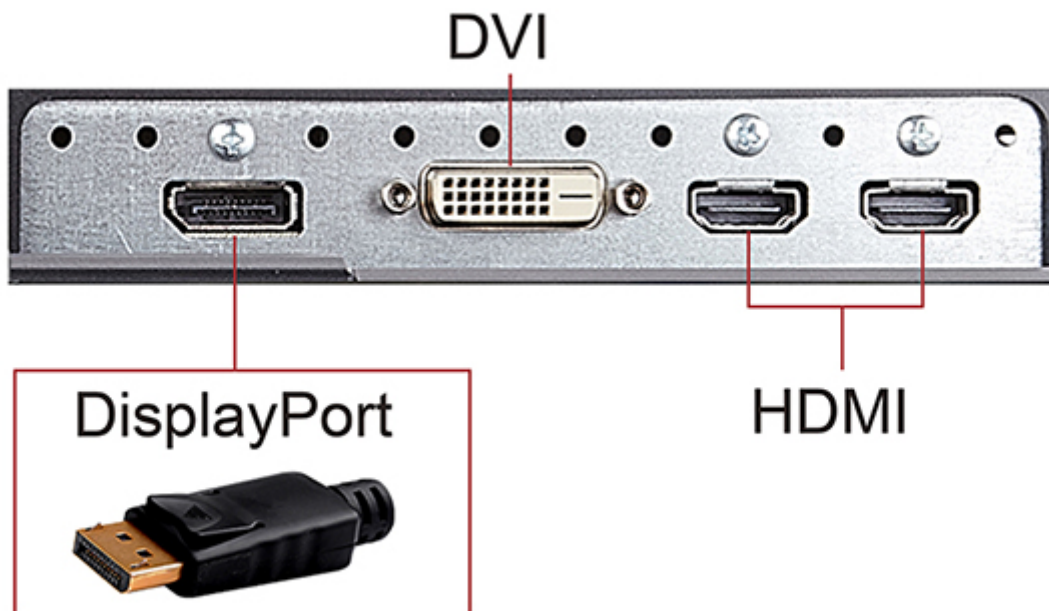

Normal

Low Input Lag

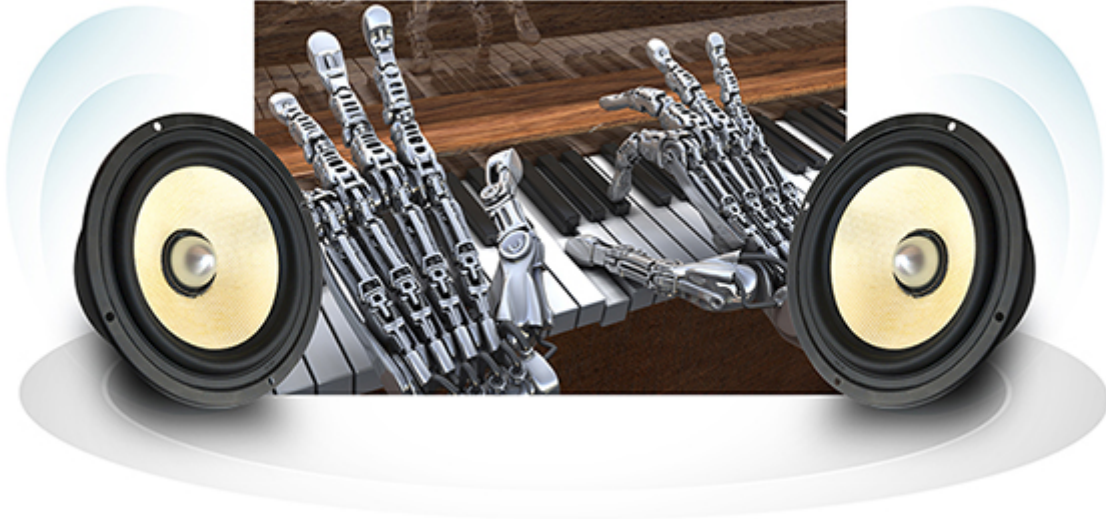

Dual HDMI, DisplayPort, DVI inputs and USB hub for flexible connectivity.

Dual HDMI, DisplayPort, DVI inputs and USB ports, enable users to connect to game consoles, Blu-ray players, digital cameras, laptops, satellite boxes, and mobile devices.

Dual integrated stereo speakers

Designed with integrated dual 3W speakers, this monitor combines incredible screen performance with stereo sound for an immersive multimedia experience.

Gamer-oriented design for Comfort and Productivity

Gamers can easily create the perfect setup by adjusting the monitor with a 120-degree swivel, 90-degree pivot, -5 to 20-degree tilt, and 120mm height adjustment option. With a retractable headset hook, convenient carrying grip and a clutter-free cable ring, it is adaptable for any gaming situation or gaming rig setup.

Game mode for higher visibility in dark scenes

ViewSonic's Game Mode provides heightened visibility and detail by brightening dark scenes. Dominate the competition with enhanced visibility, even in the darkest scenes of a video game, delivering superior colour performance for the ultimate gaming experience.

Game Mode **OFF**

Game Mode **ON**

Enhanced viewing comfort

Flicker-Free technology and a Blue Light Filter help to eliminate eye strain from extended use.

VESA-Compatible Mount Design

Mount the monitor as you see fit using its convenient 100 x 100mm VESA-mountable design.
